The 16th Symposium of the International Association of Women Philosophers (IAPh)

Women and Philosophy
History, Values, Knowledge

Founded in 1976, the IAPh is an organisation committed to promoting discussion, interaction, and cooperation among women in philosophy worldwide.

In honour of the IAPh’s 40th anniversary, this symposium proposes to celebrate women’s diverse historical and contemporary contributions to philosophy, and to highlight the work of female philosophers in all branches of philosophical and feminist inquiry.

The conference themes of history, values, and knowledge will reflect the broad scope of contemporary research on historical women philosophers, on feminist ethics and politics, and on questions of feminist epistemology.
